

South-East Asia's Largest Multi-Disciplinary Dental Centre To Bring Quality Dentistry To Suburban Singapore

T32 Dental Centre sets up its third centre in the heart of Jurong

Singapore, 28 July 2012 – A commitment to revolutionise the approach to quality dentistry in suburban Singapore has driven T32 Dental Centre to set up its third centre, T32 Dental Pearl At Jurong located in the new suburban shopping mall, JCube. The second centre being T32 Dental Pearl At Marina located in One Raffles Link.

Bringing skill sets and technology to JCube, T32 Dental Centre aims to build oral health awareness and care amongst the residents of western Singapore. T32 Dental Pearl At Jurong sees a variety of patients ranging from children to the elderly, making it convenient for families and the working class to enjoy quality dentistry at their convenience. Occupying more than 1,000 sqft, T32 Dental Pearl At Jurong boasts of 4 treatment rooms, its own full-mouth low radiation X-ray room and sterilization facilities.

“At T32, we realize the need to cater to the overall growing demand for quality dental healthcare especially with the rise in dental health awareness in younger families”, said Dr Lin Gengfeng, Director of T32 Dental Pearl At Jurong. It is for this reason that T32 Dental Pearl At Jurong embodies its tagline, ‘Dental Expertise At Your Convenience’. T32’s specialist division is housed in its flagship, T32 Dental Centre in Camden Medical Centre where its specialists make regular trips to the group’s suburban centres to treat patients for a wide array of dental services from implant dentistry, bone grafting to orthodontic treatment.

“Singapore’s population is growing at an amazing pace and the ability to provide quality dental care that is not only readily accessible and affordable but spells of integrity and devotion are the keys to the growth of dental healthcare in Singapore”, said Dr Wong Keng Mun, Managing Director of T32 Dental Centre.
